Looking for a fancy set of long ears with a pretty head, made like a quarter horse with a great mind to go any direction you choose.

## Lee Marriott – Stover, MO

### **LOT 702 Peach** 13 yr old Sorrel Molly Mule.

She has been used extensively on the ranch for doctoring, roping, crashing brush and an all around daily driver. Peach has been to multiple horsemanship clinics, will lope a pretty circle and leave you a set of 11's. My 16 year old niece carried flags for a rodeo drill team last summer. She can be used for anything. Has been trail rode a lot in all kinds of terrain. Handles like any good riding horse, no tie down, no crazy bit set up. Holds a saddle with no crouper. Stands well for shoeing and clipping. Loads, and backs off the trailer. Will hold a grudge, if you tick her off and gets fat in the spring but those are her only vices. This is a really good mule that we have done anything and everything on. She has never been lame a day. She is broke super well but I am not saying she is a kids ride. Maybe not a beginners mule. A little skill in horsemanship would be a plus. We have owned her since she was a 2 year old.

## David Kirby – Edgewood, IA
