RANCHO CASINO - DAL PORTO LIVESTOCK - COX RANCH - LLL CATTLE CO.

112 ANGUS BULLS

Purdum, NE *Monday, March 18, 2024* 1:00 PM CDT

Welcome to the sale

As we prepare for our 33rd Bull Sale in California and 2nd in Nebraska, we are as optimistic about the future of the cattle business and the Cow-Calf rancher in particular as we have ever been. This fall's calf market has been nothing short of history making. With cow numbers in our favor and the demand for quality, high-performing Angus sired cattle never better, we have lots of profitable years ahead of us.

Our philosophy in breeding cattle has always been to improve every year and be as complete as possible. We want a live calf that weans heavy, has performance in the feedlot, and hangs a quality carcass. We believe in maternal, and the female mates must make cows that consistently deliver in any environment. All Bulls have been DNA tested and Parentage verified. They have been ultrasounded and weighed at Birth, Weaning and Yearling. As always since our first sale, the Bulls are 100% guaranteed.

The bulls are fed at the Cox family feedlot and are all Sandhills born and raised. We would like to thank Byron and Tyson for the excellent job they do feeding the bulls, and all of our neighbors who have helped with our transition.

You are welcome to view the bulls anytime in Purdum. Call any of us if you need any assistance. We would love to visit about your needs and priorities. Cody & Nikki Morrow will have 4 bulls in the sale bred just like the rest, and we are pleased to have them join us.

Lastly, thank you for considering our programs. We think you will like what you see.

Regards,

David & Carol Medeiros

Tyson & Rachel Cox

David & Jeanere Dal Porto

Brief History of Triple L Cattle

In 2013, Hoffman Ranch offered in the Fall Female Sale a 1/2 interest in a choice of 5 females from the Sitz Angus, Montana Fall herd they had previously purchased. We formed Triple L Cattle LLC as a partnership with Rancho Casino, Dal Porto Livestock and Terry & Karla Beller, Beller Feedlot to purchase this Lot. The offspring of these 5 cows have been a part of successful sales for Hoffmans and us. The highlight of this has been the Sitz Henrietta Pride Y2 cow. She has 52 Genomic Progeny and we believe is one of the great cows of the breed. Our herdsire Hoffman LLL Blockade is a grandson of Y2. The daughters and granddaughters and the progeny of these 5 cows will be a large part of our future.

Terry named our partnership, and it reflects his philosophy: LIVING LIFE LARGE.

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

Only 1 in 4 non-parent Angus bulls qualify.

For more information on Targeting the Brand™ visit CABcattle.com.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of data, programs and pedigrees of the Association. Not all Angus are REGISTERED Angus. Invest wisely in those that carry the Powered By Angus logo.

For more information on the Powered By Angus program visit: Angus.org/PBA.

DVAuction

Broadcasting Real-Time Auctions

MAKE YOUR CATTLE STAND OUT

You've made a significant investment in your genetics, but does the market recognize that? Stand out by differentiating your cattle with AngusLinkSM programs: AngusVerifiedSM and the Genetic Merit ScorecardSM. AngusVerified validates your calves are sired by registered Angus bulls and make your cattle stand apart from other black hides on sale day. The Genetic Merit Scorecard gives buyers the confidence they need to pay more for your quality calves.

Users of the AngusLink programs earn **\$13-15/CWT PREMIUMS** on average. Give us a call, and learn how to claim your competitive edge with AngusLink value-added programs.

The Genetic Merit Scorecard and AngusVerified are administered by IMI Global.
