The Gathering Production Sale

Hello Friends

When we began discussing the idea of having a production sale, our goal was always centered around offering the public a central location to find honesty, integrity, quality, and above all great horses with phenomenal genetics. Let us introduce you to "The Gathering". Here you will find not only great breeders with a passion for Blue Valentine genetics, but a passion for doing things right. Years of research, blood, sweat, heartache, and resounding successes have culminated into an offering of horse flesh the likes of which you won't find anywhere else. A "Gathering" of genetics from great breeders before us. We have worked tirelessly to continue the work that those folks started, and to put together this fantastic group of horses for you to view. All the horses in the sale will be 5 panel N/N either through parentage or testing. Bid with confidence! We certainly hope you enjoy browsing through this catalog, and are confident you will find something you like. All of the breeders are available to answer any questions you may have and we look forward to talking with you about the horses. We hope that through this sale, we not only introduce you to a Gathering of great horses, but also begin a Gathering of Friends....

Hello. My name is Rob Klueppel and we are RK Quarter Horses. I started from humble beginnings nearly 35 years ago. Growing up, we always had a good horse to ride. I always kept a good riding gelding and a couple mares moving around the Mid South with my career in Ag Business. In 1994, I moved to the Cadiz, KY area on the Eastern Shore of Lake Barkley in Western Kentucky. There, I bought my 1st farm and started raising American Quarter Horses and Commercial Beef Cattle. In 1998, I purchased my 1st breeding stallion – Hancock Boy 002, a Blue Roan 20% Joe Hancock stallion. At the same time, I bought a super Bay Roan filly, CC Blue Twenty Eight, a Ron Kester bred filly by Blue Taw AND the rest is HISTORY.

Today, we stand stallions carrying Blue Valentine and Driftwood blood. The mares are daughters of some the greats – Blue Fox Hancock, MR Junewood, Last Canal, Bonny Blues, Red Roan Raider, and ranch raised daughters of Hancock Boy 002 (20% Joe Hancock) and BVH Flashhancock (46% Blue Valentine grandson of Rowdy Blue Man).

We strive to produce horses that will be gentle, good minded, and athletic; that can perform in just about any discipline. I want to build a horse with good conformation, plenty of structure and bone to be able last for years. Color is not a quality, but a bonus and you will find that bonus on a lot of our horses.

So, take a look at our offering in the Gathering Production Sale and see what you think. Give me a call or stop by to look at our horses. There's nothing I like better than visiting with good people about good horses.

B&T Performance Horses is proud to show you our 2025 Sale offering! Nestled close to Rough River Lake in central Kentucky, we have worked tirelessly to put together an outstanding group of mares and stallions, all of which have been proven under saddle, to produce the quality of offspring that we can be proud of for generations to come.

Founded in 2011 by Bradley and Tiffany Beauchamp, we strive to focus on quality over quantity, offering 5-10 foals each year.

Our breeding band is influenced by legendary foundation stallions, including names like Texas Blue Bonnet, Blue Valentine, Plenty Try, Hancock Red Fox, Wyo Blue Bonnet, Wyo Kid Curry, MR Junewood, Gooseberry, and others.

Bradley has 20+ years of experience breeding and handling horses, and specializes in semen collection, freezing, and artificial insemination, offering many of these services to the public as well. Whether used at home, working cattle in a backgrounding operation, or in the show pen, all B&T dams are required to ride and earn their positions in the broodmare string.

Our motto is Anchored In Foundation, to Develop the Performance Horse of the Future, and we believe to do just that, it takes mares that not only have the pedigree and conformation, but proven ability under saddle as well.

We would love to show you our horses and welcome visitors year-round! So many of our customers have become family and we can't thank them enough for their support and trust over the years! We thank you for your interest, and certainly hope you enjoy the sale!

Cottom Ranch

Mark and Terri Cottom, Mounds OK
(918) 693-4629

Established in 1980, Cottom Ranch is a cow/calf operation owned and operated by Mark and Terri Cottom, and their two daughters Tyler and Katie. Mark's passion for agriculture, especially cattle was ignited as a toddler by his grandparents. With our marriage in 1996 Terri introduced her love for horses into the mix. Together we have been breeding Quarter Horses for nearly 25 years. While our program is ever evolving, the mission remains the same: to produce high quality horses that are always out-performing themselves, while still preserving bloodlines, conformation, and demeanor. Our horses have gone on to be amazingly versatile, from working on big ranches in Idaho, to being jumpers in Virginia and everything in between. We do our best to offer the best genetics, mind, conformation, and color.

We are proud to have a great set of mares that boast pedigrees with big names such as: Blue Valentine, Driftwood, Peppy San Badger, Gooseberry, Ruano Rojo, Highbrow Cat, Blue Apache Hancock, Hired Hand, Bet Hesa Cat, Chuckkar Maid 45, Rowdy Blue Man, Woody Be Tuff, Leo Hancock Hayes, and many more. We have three ranch stallions that complement our mares wonderfully. Our senior stallion Crowheart Roan is a bay roan son of Leo Hancock Hayes and out of a Mr Roan Hancock daughter. Our up-and-coming young stallion Crowheart Okie is a dun roan son of Blue Apache Hancock and out of a Plenty Blue Bonnet daughter, Okie is excelling on the ranch and in the VRH show pen. Lastly our junior stallion Crowheart Blu Chukar is a homozygous blue roan son of Crowheart Roan and out of a Blue Venture Hancock daughter. He is turning out to be an excellent ranch horse with athleticism, grit, and a good mind.

We would like to thank Jerry Jeppson for his kindness and trust in allowing us to partner with Crowheart Roan and Blue Venture Hancock. Without his support our program would look very different. We hope that we can contribute to carrying on the Crowheart legacy.

We are thankful to be included in this wonderful sale and hope we have a horse for any buyer. You are always welcome to visit with us about any of our horses. You can message us on Facebook at Cottom Ranch or text or call Mark at (918) 693-4629.

Now, my bad luck turns into your Good Luck. He is 37.5% Blue Fox Hancock; also an AQHA World Champion, 34.38% Blue Valentine, & 25% Fox Coup – just for some background on his pedigree and what he ought to be able to do in the Performance Ring. He is a solid individual and is ready to go in any direction you want to take him. He's been ridden consistently since the Fall of 2024 five or six days a week and will be up until Sale Day. This Colt is built to last – feet, bone, substance all wrapped up in that beautiful Blue Roan package. For more information, call Rob Klueppel. RK Quarter Horses. (270) 350-0475. 5 Panel N/N.

Duece is the youngest son of my old Blue Roan stud – Hancock Boy 002. He is also a ¾ brother to the Blue Roan gelding that topped the Twombley Performance Horse Sale in June of 2024 @ $100,000.00. Duece was started a little late (Summer of 2024), but has not hurt him a bit. He has been trail ridden now since last summer consistently 5 or 6 days a week and will be until Sale Day. Point him in any direction and he's going to go – up hills, down hills, crossing creeks – it really doesn't get to rough for him. And being Hancock bred, he's got enough grit to do it all day long. This big soggy colt has been my absolute favorite from day one. Tons of bone, Powerful hip, wide between the eyes, and a strong shoulder, there isn't much to pick apart about him. If you want a stand up gelding that will be stout enough to hold bulls, but gentle enough to pack the grandkids, here he is. When you talk about pedigree power, Bonnets Red Fox doesn't have a weak horse in her pedigree, and Mucha Plenty Chucker, the last son of Mucha Zorrita, is stacked as well. This colt is destined for greatness. Additional pictures will be available on B&T Performance Horses Facebook Page. For more information, call Bradley Beauchamp (270)230-3888. Testimonials

RK Plenty Foxy Drift – 2024 Blue Roan Colt
He's such a good minded colt. In the first day after we brought him home he was gentled, and within a week was broke to tie, pick up all four feet, and desensitized. I have no doubt he will excel in any direction, and I'm excited for his future! RK Quarter Horses definitely produces quality colts and we'll be back for another one!
— Katie Valentine, Smithton, IL

RK Blue Man Hancock is by far the most intelligent horse I have ever worked with. He combines a sharp mind with a kind disposition, making him a true pleasure to handle. Big-boned and well-built, he learns quickly and retains training exceptionally well. His blend of brains, build, and temperament makes him a standout in any setting.
— Heather Welch, Michigan

RK MR Foxy Blu - 2024 Blue Roan Colt
A lot of bone and easy on the eyes, well put together colt. What do you have this Fall??
— Courtney Clifford, Roseville, California

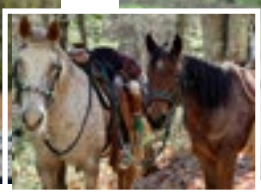

RK Plenty Blue Fox (Boogie) is a great minded colt. He learns very quickly and retains what he is taught. Loves people!!
— Jennifer Arrington, South Carolina

"From the moment her foals are born, Terri Cottom at Cottom Ranch gives them hands-on care like no other. I've purchased four Quarter Horses from her-all came with exceptional manners, great dispositions, and unique personalities. My Blue Roan mare, Blue Ridge (Duck Creek Jody), a Hancock/Blue Valentine, excels across disciplines-Hunter/Jumper, Western Dressage, Competitive Trail, Western Pleasure, Ranch classes, and Halter-and has consistently earned blue ribbons, championships, and reserve champion titles. I wouldn't buy a horse from anyone else-it's not just what you pay for, it's so much more. The horses from Cottom Ranch simply do not disappoint."
— Mimi Paixão

"I purchased my colt, Kash, from Cottom Ranch in April 2024, and it has been such a joy to watch him grow and learn. He is truly the sweetest horse with the best personality, not to mention his outstanding genetics and conformation. Kash has one of the sharpest minds I've ever seen—he has a long attention span, is eager to learn, and genuinely enjoys trying new things. At just 2 ½ years old, he already amazes me every day, and I'm so excited for his future as a versatile horse cross-training in both English and Western disciplines. He is also absolutely stunning—a gorgeous bay roan that turns heads wherever he goes. Terri and Mark at Cottom Ranch go above and beyond in caring for their horses. It's clear they pour their hearts into making sure each horse not only thrives while with them but also finds the right home. They are honest, communicative, and truly care about matching the right horse with the right person. I couldn't be happier with my experience, and I will always turn to Cottom Ranch for future horses. Highly recommend them to anyone looking for a talented, well-cared-for partner. Love Cottom Ranch!" — Anna Shirley.

I purchased my filly (**BT Amarillo Sunrise**) from B & T Performance Horses in September 2021, sight unseen, on nothing more than a hunch that she was meant to be my forever partner. That hunch turned out to be right! She has become a wonderful partner and one of my greatest teachers. She's incredibly smart—a true "thinking horse"—and always willing without being reactive. On top of that, she's absolutely beautiful. I took things slow and didn't start riding her until she turned 4, and I couldn't be happier with how she's coming along.
I appreciate her independence, she's confident, not herd bound, and very comfortable on her own. She has far exceeded my expectations, and I'm excited to see where our journey takes us. My goal is competitive trail, and I believe her steady demeanor makes her perfectly suited for it.
I'm so grateful to B & T Performance Horses for matching me with such a special partner.
~Dana Abernathy, Nashville, TN

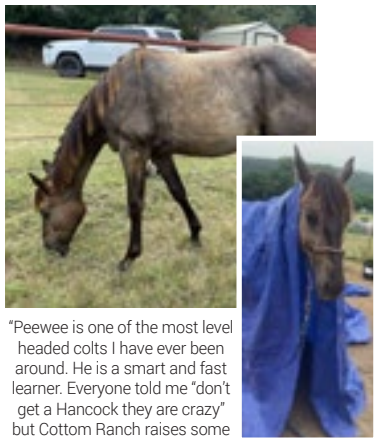

The Beauchamp family and the horsemen that work with their foals put an excellent and solid foundation on these babies. They are brave and willing partners. I purchased my second BT Performance colt in the 2024 Gathering Production sale. It was a seamless and easy process. I thought I was lucky when I bought my first Bub baby but now I'm super lucky because I have two!!

~Sam Pinder, Ocala, FL

We bought our first BT Performance Horse colt in 2019. Since then we have added five more to the family. Their calm disposition and ranch horse versatility make them a perfect match for the show ring, the ranch or the trail. We are very proud to wear the BT Performance Horse Brand!

~Jennifer and George Truax, Simpsonville, KY

"Peewee is one of the most level headed colts I have ever been around. He is a smart and fast learner. Everyone told me "don't get a Hancock they are crazy" but Cottom Ranch raises some incredibly level headed horses and I could not recommend them enough"

This colt is a son of Crowheart Roan, so the half brother to Twizzler and EthelsStarHeart
