This will be the first and one of the few opportunities this fall to purchase semen on the Ft. Worth Champion. His mother excels in the donor pen and his sire is rapidly proving to be the best Outsider son on the market. If you want to hang some banners, this is your ticket to the backdrop. There has been limited semen available, take advantage of this opportunity. Look for Puncher in Louisville. • Offered by Fox Hollow Farms

Sexed heifer embryos by Silver Gun out of a great Free Lunch daughter. As good as the Silver Gun daughters are that are in production this could definitely be your next donor. 3821 is in the top 1% for MARB and 20% for TSI. This is the \$200,000 Jehu crossed with the dam of JDJ Maximo, a popular AI still today. This donor is a producer and the added punch of Jehu could send it over the top. There are a lot of good cattle in this pedigree. The resulting heifer definitely has a leg up on the rest of them on her way to the donor pen. LOT 94A: SELLING 3 UNITS**LOT 94B: SELLING 3 UNITS**

Probably the top red bull to cross the border during what I call the "Red Revolution." Unfortunately he was lost before this non-diluter could make his mark. This will be one of the few, if not the only time, Marino semen will be offered.

LOT 95A: SELLING 10 UNITS**LOT 95B: SELLING 10 UNITS**

Another non-diluter red herd sire that is making waves as some outfits choose to focus on the red hide. Most of these red-hided bulls coming across the border actually trace to the Germaine line so they're just coming home.
