# TERMS AND CONDITIONS OF THE SALE

Thank you for attending the 2016 Diamond-McNabb Ranch Horse Sale. Please be aware of the following Terms and Conditions of the Sale, which will apply to all sales and which provisions are deemed accepted in their entirety by all prospective attendees, bidders and buyers.

- 1) **Inspection.** All horses will be made available for viewing and inspection prior to sale. PLEASE EXAMINE HORSES PRIOR TO BIDDING. All horses will have passed a basic veterinary exam prior to entry in the sale.
  - a. A qualified veterinarian will be on site to answer questions and assist with examination if requested. If the requested veterinarian assistance results in any fee, it will be due and payable from the prospective buyer at the time the assistance is rendered, regardless of whether the horse is purchased by the prospective buyer.
  - b. Although efforts have been made to assure accurate representations of the horses' current condition, history and performance record, all horses are sold "as-is" and "where-is", except as otherwise expressly stated herein.
- 2) **Representations. EXCEPT TO THE EXTENT EXPRESSLY STATED HEREIN, DIAMOND-MCNABB AND INVITED CONSIGNORS HEREBY DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, WHICH EXTEND BEYOND THOSE SPECIFICALLY DESCRIBED HEREIN.** Diamond-McNabb or the consignor, whichever is the Seller of a given horse, represents as follows:
  - a. Good title to the horse is held by Seller and will pass to Buyer.
  - b. The horse is sound of limb, heart, eyes and wind as of sale day.
  - c. The horse is not a cribber.
  - d. The horse does not have a MAJOR pre-existing condition. Minor injuries or conditions may exist and are accepted by the highest bidder.
  - e. The horse is accurately described as to age and sex. In the case of stallions, this means that both testicles are descended on sale day.
  - f. The horse has passed a Coggins test (obtained a negative result) in the 6 months prior to sale day. Coggins papers will be given to Buyer upon payment.

CORRECTIONS OR CONDITIONS ANNOUNCED AT SALE TIME TAKE PRECEDENCE OVER CATALOG DESCRIPTIONS, AND THEREFORE CONDITIONS ANNOUNCED IN THE RING ARE ACCEPTED BY BUYER AND WILL NOT VOID, OR ALTER THE TERMS OF, ANY SALE. PLEASE PAY CAREFUL ATTENTION TO ANNOUNCEMENTS.
- 3) **Bidding and Sales.** The Sale is complete, and the risk of loss and responsibility for the horse pass to Buyer, when the gavel knocks.
  - a. The Buyer is the highest bidder as recognized by the Auctioneer. If the Auctioneer believes a legitimate dispute may exist between multiple bidders, the horse will immediately be opened to further bids from those bidders in dispute only. If no higher bid is made, the horse will be sold to the high bidder who was last recognized by the Auctioneer. The decision of the Auctioneer will be final.
  - b. All Diamond-McNabb horses will sell unless withdrawn prior to entering the sale ring, subject to the following:
    - i. A minimum bid of \$2,000 will be imposed at the Sale. Minimum bids will apply to started horses age 3 and older. Any such horse that receives no bid of \$2,000 or more will remain the property of the seller.
    - ii. Please see also item 9 regarding younger horses.
  - c. If payment is not made by Buyer, then Seller and/or Diamond-McNabb may pursue any legal remedy, including enforcement of the transaction by specific performance.
  - d. The Buyer grants Seller a security interest in the horse until such time as payment in full has been received by Seller. Title may be withheld by Seller until payment in full has been received.
- 4) **Payment.** Payment for all horse purchases and any related fees should be made to Diamond-McNabb, LLC. Personal checks, money orders, cashier's checks and some major credit cards are accepted. Please have personal identification available. All payment will be made in U. S. currency. Thank you.
  - a. AQHA registration transfers will be processed by Diamond-McNabb. A \$20 fee will be assessed to Buyer. Transfers for other associations will be the responsibility of Buyer.
  - b. For any payments returned by the bank or paying institution, Buyers will pay a return processing fee of \$20.
  - c. Successful Buyers using the online auction service will pay an additional service fee equal to 2% of their winning bid.
- 5) **Guarantees of Soundness and Good Fit.** Diamond-McNabb, LLC wants to run an honest sale of quality horses. In an effort to help Buyers obtain the right horse for them, we offer the following Guarantees.
  - a. All horses will have a Soundness Guarantee (limb, heart, eyes and wind) for 48 hours after the gavel knocks. In the event of unsoundness of limb, heart, eyes, or wind, Buyer must provide notice to Diamond-McNabb, LLC within the 48 hour period, and after Buyer returns the horse and its condition is verified and the return is approved by Diamond-McNabb, LLC, Buyer will receive a full refund of the purchase price.
  - b. All horses age 3 and older will have a Good Fit Guarantee for 30 days after the gavel knocks. In the event that a Buyer is dissatisfied with the horse's performance (not soundness) during the 30-day period, he or she may contact Diamond-McNabb, LLC during the 30-day period and return the horse for credit toward our sale of the following year, subject to the following:
    - i. The horse must be delivered to Diamond-McNabb within 72 hours of approval to return the horse, and must arrive in sound condition.
    - ii. Sale credit will be given up to the amount of the purchase price (excluding service fees, taxes and registration fees, if any) of the horse returned.
    - iii. Sale credit must be used in the following year and may not be carried forward to future years.
    - iv. Sale credit is not transferable to other parties.
    - v. Unused sale credit will not be refundable by Diamond-McNabb, LLC whether a new horse is purchased or not.
      1. For example, if a Buyer acquires a horse in 2016 for \$8,000 and returns it under this guarantee, and subsequently purchases a horse using sale credit in 2017 with a winning bid of \$7,000, then the Good Fit Guarantee is completed; no further credit or refund will be due.

Notwithstanding anything to the contrary in this section 5, Diemer True or Ken McNabb shall retain sole discretion and final authority to determine whether any claim under the Soundness Guarantee and the Good Fit Guarantee will be approved.
- 6) **Attendee Risks.** Attendees agree that they are present on the premises and attend the sale at their own risk. Hazards associated with horses, weather and numerous other conditions are unavoidable and accepted by attendees. Neither Diamond McNabb, LLC, Diamond Land & Livestock, LLC, Diamond Ranches, LLC, Ken McNabb Horsemanship, LLC, the Auctioneer, nor any other vendor nor supplier shall have liability for accidents or injuries to person or property that occur on the premises or that are associated with inspections or attending the sale.
- 7) **Exclusive Sale, No Alley Trading.** The premises are for the exclusive use of the Diamond-McNabb Ranch Horse Sale. No other horses will be permitted on the grounds; any horse found on the grounds will be subject to going through the sale ring, and incurring a sale commission and a catalog fee, plus an unconsigned selling fee of \$250.
- 8) **Miscellaneous.** These Terms and Conditions shall be binding upon and shall inure to the benefit of the parties and their respective heirs, legal representatives, successors and assigns. This Agreement shall be controlled, construed and enforced in accordance with the laws of the State of Wyoming. Venue for any action between the parties shall be in the Seventh Judicial District, Natrona County, Wyoming. Time is of the essence in the performance of the rights, remedies and obligations contained herein. These Terms and Conditions contain the entire understanding of the parties and supersede all previous and contemporaneous statements, negotiations, agreements, representations or understandings, whether written or oral.
- 9) **Producer Horse Amendments.** The following two conditions apply to all sale horses age 2 years and younger only:
  - i. The Seller may "no-sale" or "pass-out" the horse, electing to retain the horse rather than sell it, if he does so before the horse leaves the sale ring.
  - ii. Neither Diamond-McNabb nor other Sellers will offer a Good Fit Guarantee on these young horses. They may not be returned under this Guarantee.

## **Additional Notice:**

Please be aware that Wyoming law recognizes that there is "inherent risk" associated with equine activities, and that risk is assumed by the participant rather than the provider of the equine activity.

"Any person who takes part in any sport or recreational opportunity assumes the inherent risks in that sport or opportunity, whether those risks are known or unknown, and is legally responsible for any and all damage, injury or death to himself or other persons or property that results from the inherent risks in that sport or recreational opportunity."

## Directions:

**From I-25 North (Casper):** (Allow about an hour and 15 minutes from Casper.) Going south on I-25, take the LaPrele Creek Exit (#146). At the stop sign at the end of the ramp, turn right, then immediately left. This is State Highway 96, parallel to I-25. In about 3 miles, turn right onto the Cold Springs Road (State Highway 91). Stay on this paved highway for approximately 23 miles. The Powderhorn Ranch entrance will be on your right within 500 yards after the pavement ends. Signs and/or volunteers will help you park.

**From I-25 South (Wheatland or Glendo):** (Allow about 35 minutes from Douglas.) Going north on I-25, exit right at the west Douglas exit (#140). At the first stop light, turn right onto South Riverbend Road. Within 1/2 mile, turn right onto the Esterbrook Road (Highway 94) and pass under the Interstate. Within one mile, turn right onto the Chalk Buttes Road (County 9). This road will intersect with the Cold Springs Road (Highway 91) in about four miles; turn left and continue until the pavement ends. The Powderhorn Ranch entrance is on the right shortly after the end of the pavement.

**Please Note:** Our experience with GPS navigation systems going to the ranch is spotty at best. Please compare its routes to a map to be sure it doesn't direct you over dirt roads from another direction.

## Local Accommodations:

**In Douglas:** Room block reservations are available are under "Diamond-McNabb" with Douglas Inn (307-358-9790), Sleep Inn (307-358-2777) and Holiday Inn Express (307-358-4500). For more lodging choices, please contact the Douglas Chamber & Visitor Information Center at 307-358-4500 or 877-410-6687. Lodging can be tight during Jackalope Days.

**In Casper:** Room block reservations are available are under "Diamond-McNabb" with the Sleep Inn (307-235-3100), the C'mon Inn (307-472-6300), the Ramkota (307-266-6000), and the Parkway Plaza (307-235-1777). For more lodging choices, please contact the Casper Area Visitors Bureau at 800-852-1889.

## Bidding Options:

**Via the Internet:** If you are unable to attend the sale, online bidding will be offered through DVAAuction at <http://dvauction.com/account/register>. Preregistration is required and you will need high speed Internet the day of the sale. Please take into account time differences if you are not in the Mountain time zone.

**Via Telephone:** You may also bid by telephone during the sale. In order to bid on the phone you must pre-register with us to obtain a bidder number at least 48 hours before the sale. To pre-register and receive complete (simple) instructions, please call Jennifer at Diamond-McNabb, 307-233-3905, or e-mail her at [JenniferG@wyoDiamond.com](mailto:JenniferG@wyoDiamond.com).

## Hauling:

Professional haulers are welcome at the sale, but Diamond-McNabb does not have relationships with them. Please feel free to make other transportation arrangements on your own. Thank you.

**Please Note:** Cell phone service is not accessible at the ranch.

## **DM High Brow Prince, AQHA (Diamond Land & Livestock)**

2009 Sorrel Stallion

DM High Brow Prince, known as "Prince" was born and raised on our ranch. He is an athlete that truly exudes presence and ability while maintaining a disposition that is fun to ride and easy to be around. Aptly named, Prince comes from bloodlines of cow horse royalty; His sire has offspring earnings in excess of \$70 million across 5 disciplines and his maternal grandsire, Peppy San Badger, is a name that needs no introduction. Prince's oldest foals turned 3 this spring and as a sire he is quickly gaining a reputation for throwing smart, athletic babies that are good to work with. 5 Panel Disease test N/N. Sire of Hip 61.

## **Dazzling Dry Doc, AQHA (Ken McNabb)**

1991 Bay Stallion

Dazzling Dry Doc AKA Happy, has been a ranch sire all of his life, his colts have lived out their lives as ranch and family horses and always exceed our expectations. The chance to have these type of bloodlines in your barn is rapidly

disappearing from America. Happy is one of the last producing son's of the legendary Dry Doc. We acquired Happy from P.W. Livestock in CA., three years ago and he has been a great addition to our breeding program. We also bought one of his sons and several daughters, and I have to say, they ride the best and are the whole package; disposition, conformation and athletic ability. Truly great individuals from a truly great sire. Sire of Hips 78 and 89.

## ***Brockleface Starlite, AQHA (Diamond Land & Livestock)***

2007 Bay Stallion

Brockleface Starlite, aka "Flint" is a head-turner with his clean, upright build and natural presence. With a pedigree full of old-time Quarter Horses (including 5 AQHA Hall of Fame Horses right on his papers) it's not often that you find as many legendary horses behind a horse of his age. Flint's two foal crops with us have been consistently pretty, well-made and intelligent colts. They're often stamped with a little extra chrome and we have yet to find one that is not smart, responsive but gentle in nature. Flint is 5 Panel Disease tested N/N. Sire of Hip 32 and Hip 96.

## ***Heavens Rooster, AQHA (Diamond Land & Livestock)***

2006 Bay Stallion

Heavens Rooster, aka "Quest" is not only a long-time breeding stallion on our place, but a favorite saddle horse too. Quest was just getting started under saddle with us when we began the breeding program and his oldest foals turn 6 this spring. Gentle natured and reliable, when he is not out with the broodmares you can usually find him under saddle (or bareback) with one of the girls aboard. He is cowy for any job on the ranch and safe for our whole family to ride. Quest's foals are typically soft, feely and talented with plenty of athletic ability, intelligent minds, pretty faces and big hips. He is sire of Hip 24, Hip 63 and Hip 73.

## ***Playgun Will Travel, AQHA (Diamond Land & Livestock)***

2002 Gray Stallion

Playgun Will Travel, or "Paladin" as we call him, has earned his spot as a cornerstone in the program. With strong, straight conformation and a gentle and solid mind, Paladin is a unique individual both on paper and in person. Sired by Playgun and out of a 2 time world champion rope horse, you'll find an extra level of versatility in his bloodlines and as for his disposition, you might find us riding him around bareback in a halter when he's off of breeding duty in the pasture. He's built strong and stout at 15 hands and 1200 lbs and has the bone and substance that many cow horses of our day do not. Regardless of the mares to which we've bred him, Paladin has thrown us good-minded and versatile colts every year we turn him out. He is 5 Panel tested N/N. Sire of Hip 18, Hip 40, Hip 71, Hip 77 and Hip 82.

## ***Hank O Lena, AQHA (Ken McNabb)***

2003 Black Stallion

Hank O Lena, AKA Stormy, goes down in history as the horse that changed my life. I started riding Stormy in 2006 and I could not believe the difference in him compared to other two year olds. He came along so fast and effortless, he had the fundamentals of all the performance maneuvers in his first ten rides. That is a trait that he passes on to all his foals. He is ever the gentleman, always gentle, always kind. These are all traits that his foals display. We use Stormy in all phases of ranch work and I can honestly say I have never rode a horse with more cow sense than Stormy. Sire of Hips 37 and 62.

*Thank you to our sale veterinarian  
Dr. Tony Scheiber D.V.M.!*

Doc has been Ken's vet for 18 years and has been the official sale veterinarian since our inaugural sale in 2009. In 2015, Tony "Doc" Scheiber was voted one of the top five veterinarians in the nation by all of the cowboys and cowgirls competing in the PRCA. It is a blessing to have a veterinarian the caliber of Doc working with us and on our horses' health daily. Thank you Doc for all you do for us and the whole equine industry!

*Dr. Tony Scheiber is also the founder and president of Stamina Plus equine supplements, the official supplement of the Diamond McNabb Ranch Horse Sale.*

# Shopping Tips

**What we've learned from watching hundreds of bidders buy over 600 horses:**

1. **Shop early, shop often.** Use the DMhorses.com website!
2. **Let us help you build your "Short List".** Send us an email, give us a call, or ask us in person.
3. **Attend the sale in person if you can.** You get to see the horses and meet the riders "live."
4. **Manage your budget by keeping a longer "Short List".** If you only choose 1 or 2 horses, they might get away from you on sale day.
5. **Relax.** Introduce yourself. Meet some new friends. Enjoy. It's a weekend in Wyoming!

## Homeraised Horses 2016

## Hip # 1 -- Gambler (Te By The Bay, AQHA)

A horse that has a super nice jog, big extended trot and a smooth lope, this gelding is a great addition to anybody's herd. Rope some calves, sort cows, wrangle horses or just go out for a nice trail ride; Gambler is your horse. I've used Gambler night calving and to catch run-away calves. Gambler has always had the athletic ability to do what I ask and immediately returns to his quiet nature. Quiet and a willing mount, Gambler will be a good partner for anything you have in mind. Ridden by Ken McNabb. For more information call 307-272-0838.

## Hip # 2 -- Corona (Grans Red Rock, APHA)

Corona has been used on the ranch extensively and knows his job! He has a solid neck rein and cow sense that only comes from experience. Corona will track a cow at their pace and has a big set of wheels when you need it. He has been ranch roped and doctored on and is accustomed to dogs. He'll meet you at the gate and we've used him to run in the horses, check calvers and gather and move pastures all throughout the year. Not only does Corona look like he's off the cover of a western ranch magazine, he rides like it too. Ridden by Doug Moore and Robin Wesenick. For more information, call 307-298-5030.

### Hip # 3 -- Jaz (Zans Jax Blue Boy, AQHA)

Jaz is one gentle, easy-going guy. He is super easy to catch, he will be the first one to meet you at the gate and absolutely loves attention. He is gentle for all ages of riders. We have let him set for months and he rides off the same every time. He will stand quietly at a mounting block for you to get on. Ride him single, double or bareback in a halter; he is great for it all. He is soft in the bridle, side passes, takes his leads and lopes around quietly. He's been ridden all over the ranch gathering and sorting cattle, he crosses creeks, bridges, and goes though thick brush without hesitation. Jaz is very sweet and has such an enjoyable personality. He is one great trail horse for the weekend rider or take him back to the ranch and give him a day job, Jaz will work for it all... Consigned by Darold and Val Newman.

### Hip # 4 -- Cartwright (EB Sparking Jakk, AQHA)

If I had to choose one word to describe Cartwright, it would be "honest". No matter what I'm doing, he's always the same horse day in and day out. Even if he hasn't been ridden for a month, you can still saddle up and hop on him with confidence that he'll be the same level headed, willing horse that he always is. Cartwright loves the trails and will keep you well-mounted for a short ride or a full day. He moves out well and can lead any group, or will ride off by himself. He has spent many hours looking for cows in the mountain country or gathering pairs in the hills, and has also led a pack string. Cartwright is a pretty, well-put-together red river dun with socks and a blaze to set it off, and also has a nice pedigree to go along with it. Ridden by Nathan Wood. ## Hip # 5 -- Clay (Two Skips Bar, AQHA)

If you want a fun, safe, gentle trail horse, Clay is the horse for you. He has a nice smooth trot and will go anywhere you point him. Clay is sure footed and doesn't hesitate to ride alone, but is great in a group as well. We have used him all over the ranch but he loves to go exploring out on the trails. He is a super safe trail horse and does not spook at anything. You can take him out for a ride and pack a picnic and he'll stand ground tied or hobbled all day long. He is an amazing trail horse. Ridden by Casey Jedrzejewski. For more information call 307-272-0838.

## Hip # 6 -- Diesel (Golden J Bar, APHA)

Diesel is a good-looking, golden palomino that we have owned and ridden for two full years. This guy has been a steady, solid horse for several of our ranch riders and all of them voted Diesel their number one pick for their go-to horse. He will take you as far in a day as you ask, and can lead a trail ride or bring up the back. He's done all the ranch work and spent hours and hours behind cows, gathering mommas or pushing calves. He will also put up with all sorts of arena games, dares and bareback, and has a smooth, easy lope. This is a horse that nearly anyone can ride and get along with, and he has proven his worth over and over again in the last two years. Diesel is ready to be your tried and true! ## Hip # 7 -- Charlie (Grade)

Charlie is a cute little horse with that pretty red dun color. He is handy as can be for any ranch job or he's happy just to go for a weekend trail ride. It doesn't matter if you need to use him every day or you only want to ride once a month Charlie is always the same. He has a good ground-covering walk and likes to get out and see new country. He has an excellent one-handed neck rein, knows his leads, does flying lead changes, has a nice stop and turn around. We really enjoy Charlie, he's a fun horse that is easy to catch, has excellent ground manners, great to shoe, clip bathe, loads in and backs out of the trailer. ## Hip # 8 -- Wally (JS Major Star, AQHA)

This is a uniquely colored buckskin gelding that was raised on our ranch. We call him Wally. This gelding has copper colored eyes that are exclusive to him. Wally is the first one to meet you at the gate and has a sweet and gentle personality that tries to please. He has been Trent's main night calving horse this spring and has pulled lots of calves to the barn. We have roped a few yearlings on him and he will be used at our spring branding dragging calves. ## Hip # 9 -- Red (Playboy CJ, AQHA)

Red is the picture of quarter horse: stout conformation, a pretty head and neck, soft eye, and mild personality. In addition to AQHA, he is registered with the FQHR. Red also has his license to rein with the NRHA! This horse is a real eye-catcher, with an awesome, butter-smooth lope! He has a nice spin, lopes circles, lopes haunches-in or half-pass and will sit on his tail to stop! He is also started team roping on the heel side. Outside, he strides out well and will confidently lead any ride. He's spent lots of time behind cows and will bite their tails as needed.

With the experience he has, Red could easily start someone out showing in reining, ranch horse competitions, low-level ranch sorting or heeling, or go to the trails— and he will always catch eyes! I have learned a lot and had fun in my time on Red! Ridden by Hannah True-Gutenberger. FMI: 307-298-5030.

## Hip # 10 -- Gus (DT Skipa Spanishgus, AQHA)

If you are looking for a true buckskin that is gentle and kind as the day is long, don't overlook Gus. He stands 15.2 and is 1100 lbs. He will be the first one to meet you at the gate when you walk into the pasture and you can catch him anywhere. He is a great horse to go on a ride by yourself or with a group of people. He will cross whatever you put in front of him and you will have a smile on your face while he is doing it. He will lay off and come back as the same horse that you put away. Gus stands well for the farrier and hauls great. He has been roped off of and handles himself well. Ridden by Justin Hatfield.

## Hip # 11 -- Frisco (PF Frosted Frisco, AQHA)

If you like a good-looking red roan horse, take a look at Frisco! He's out of our Royal Fletch stud and the gentleness has been passed down on both sides. Getting the right start early by being born and raised out on the range, he learned how to travel out and cover the country. He is maturing into one awesome horse and is going to be big and stout. He's had a lot of miles put on his back on our cow/calf operation, has drug calves into the barn on the sled during calving, and has had many hours of roping calves and then standing quietly while tagging. He's been used in the branding pen, performing well with a steady and calm demeanor. Consigned by McBride Hereford Ranches. Contact Eric Hess at 509-830-3888 with questions. ## Hip # 12 -- Missy (Duals Blue Angel, AQHA)

Missy's job for the past year has been to take care of kids and guests. She has done a great job! She's gentle, gentle, gentle, and has tolerated carrying a flag, kicking the ball, riding double, bareback and in a halter. For two years now she's been the same regardless of how long we put her up. On the trail she takes everything in stride: water, birds, trash, ditches ect. She'll walk calmly in the back of the group regardless of what's going on. Her forte is as a broke kid's horse, but she can ride up for an adult as well:

she has a nice stop, turn around, sidepass, will carry a deep frame, and has a super slow-lope. She knows what to do with a cow! And handles a herd of horses without getting flustered. Missy is a horse anyone can ride with our complete confidence in her absolute solidness. Ridden by 12 year old Helaina True. FMI: 307-298-5030.

## Hip # 13 -- Mowgli (Heathers Lil Hot Rod, AQHA)

Mowgli will win your heart over with his sweet personality and kind eye! He will be the first to greet you in the pasture, or offer a friendly nicker when you enter the barn. Mowgli is ready and willing to take you down the trail with confidence and sure-footedness. This little bay horse is the perfect size horse to make mounting and dismounting an effortless task for you. He is soft in your hands and responsive to cues. He lopes steady circles, side passes, rolls back, and will neck rein with ease. We have put our students on him without having to worry about how he would handle them riding on their own. Mowgli is one reliable horse, from leading him on pony rides to getting a job done, he's got your back. Solid trail horse or an easy-going ranch horse, Mowgli could be your guy! ## Hip #14 -- Kid (Grade)

Kid is a super quiet, for the whole family kind of horse. He is trusty and steady in every situation that you put him in and is a fabulous trail horse. Kid has also seen many miles on the ranch from gathering cows and dragging calves to the fire to checking fence. He has been ridden in the mountains and even done some mounted shooting. Kid has been ridden by an 11-year-old girl extensively and is a complete gentleman. He is a handy size and a fun horse that you could take anywhere. Kid has been ridden up and down the highway with traffic coming and going and has gone through our mounted patrol obstacle course. He is excellent to bathe, clip, shoe and easy to catch. He will load in any trailer and back out. If you are looking for that one horse that the whole family can enjoy don't let this guy pass you by. Consigned by Darold and Val Newman.

## Hip # 15 -- Smore (Grade)

Smore is a little horse with a big heart and big stops. His dark chocolate mane with tan summer highlights and white blaze are what earned him his name. There is more to him than what meets the eye. A five-year-old child has ridden him out on the trail, but Carly has also wrangled horses on him. He will lope out and then immediately slow down to a walk on a slack rein. He is the same horse every time you ride, whether it's bareback, double, navigating the teeter totter, or in the Wendy's drive through. He is the right size for opening gates and getting the mail out of the mailbox. He is fun for intermediate kids, beginner adults, and anyone with more experience. After you ride him once, you will want to ride him s'more! Consigned by Carly Davis. Email [carly@carlydavis.com](mailto:carly@carlydavis.com) or call 303-668-3762 for more information.

## Hip # 16 -- Derringer (Haidas Sun Olena, AQHA)

Cute, cute, cute, this five-year-old gelding has the good looks to catch your eye and the sweet and mild nature to snag your affection, too. Derringer wants to get along and be your buddy. We have won money on him numerous times in the RSNC sortings. He is naturally quiet and calm on cows but has the cow sense to help you get where you need when asked. He has a slow, dainty lope that would let you hold a teacup while you ride or will rate up to a longer stride to take you across the pasture. This little guy has a correct and easy stop, a solid turn around and all of the foundational handle to succeed in various directions. Derringer is best suited to an intermediate rider but with another year or two of experience, he certainly has the disposition to become a beginner's horse, too. Call us- we'd love to tell to you about him! Ridden by Hailey True. 307-298-5030.

Doc is a beautiful black gelding with a try hard purpose in life. His willing attitude has made him a fun horse to work with and to train. Doc is responsive to your leg and soft in your hand. He has been used all over the ranch moving cows and has logged countless hours on the trail. Doc is not only great under saddle but also on the ground. He has gentleman-like ground manners and his kind eye assures you he is pleasant to be around. Doc is always an

easy catch in the pasture. Doc has been with us for a little over two years and has been a joy to work with every step of the way. Doc is as honest a horse as can be and will not let you down. Ridden by Chad and Christiana Wenger. For more info call Ken McNabb Horsemanship: 307-272-0838.

## Hip # 18 -- Carolina (Her Guns Are Loaded, AQHA)

You cannot go wrong when adding Carolina to your herd. She will turn the heads of anyone that passes. To start with, look at her papers! Then look at her resume: she was started here on the ranch, and has been used for all daily ranch work, gathered cows, wrangled in the horses, and you can head off for a pleasant trail ride alone or even enjoy a swim on a hot day. She is willing to cross creeks and pick her way through steep, rocky terrain. One place this mare loves to shine is on a cow! It's easy to enjoy

sorting on her whether in an alley or a competitive sorting pen. If the arena is where you like to spend your time, you will not be disappointed. Carolina likes to stop hard, spin, and ride around on a soft, low headset in any maneuver of your choice. Ridden by Heather Dufek. For more info: 307-298-5030.

Slim is one of the top 10 colts that I have started in my life. This is a horse that will stay in my memory as long as I live. Slim has been gentle all of his life. He took to the halter as a weanling like a duck to water and he has never looked back. He is one of the most willing and teachable horses I have ever owned. We have moved cows, checked fence and cleaned trails on this colt all in 20 rides. He is an equine Einstein. Ridden by Ken McNabb. For more information call 307-272-0838.

## Hip # 20 -- Bond (CA Smokin Joe, AQHA)

Bond is solid in every way- solid built, solid minded and solid on the job. He is friendly and good-natured without being a pest and is gentle and broke for just about anyone who wants to climb up on his back. The first time I rode Bond I was in love with his super smooth jog and he can step up to a ground-covering long trot when needed. He has a great ability to read your intentions: when you want a relaxed trail ride he is happy to walk down the road, but if you have a job to do he steps to the plate and helps you get it accomplished. He'll hold his end of the rope and run in the horses, then walk politely home. I am currently a full-time college student and Bond has been the perfect gentleman about accommodating my sporadic riding schedule. I'm excited to see who gets to take this guy home! ## Hip # 22 -- Charlie (Grade)

Charlie is a seasoned head horse, a reliable ranch horse and a solid citizen. He has been the go-to horse for the ranch foreman this year and just about done it all! He's been headed off of at one of the World Series Ropings and used regularly at our own team ropings. You can see his video on our website. Charlie is super to get your work done on in the pasture. He's easy-going by nature but has lots of speed when you need it and has nice smooth gaits. He has good cow sense and is good with using a whip or paddle. He can be the ideal horse for anyone from the 24/7 rancher to the jackpot team roper, the weekend cattleman all the way to the weekend trail rider. Whether it's been one day or one month, Charlie is an honest and dependable gelding that is solid for anyone. Ridden by Doug Moore. For more information call 307-298-5030.

## Hip # 24 -- Lady (DLL My Fair Lady, AQHA)

This is becoming one of our favorite crosses; our stallion Heavens Rooster crossed to a daughter of Buggy Super Star, a rope and ranch horse sire from the Bower program. The result is exactly what is found in Lady: remarkable intelligence, athleticism and quickness to please, combined with size, strength and speed. This filly exhibits a willing mind with a lightness and trainability that will make her a dream to take forward. She has a pleasant disposition and bright eye with clean conformation and a free and easy way of moving.

Her full four-year-old brother is a cowy, gorgeous, 15.1 hand gelding. Lady looks exactly like he did as a two-year-old and has a future just as bright! Sells with 10-15 rides by sale day. Be sure to see her half-siblings, Flame (Hip #63) and Copper (Hip #73)! FMI: 307-298-5030.

## Hip # 25 -- Amigo (Grade)

At 21 years young, Amigo has seen it and done it all. We have had this horse on the ranch for the last sixteen years and he has always been the perfect gentleman. We have had hundreds of guest ride him and they all say the same thing, "I love this horse". We have also ridden him ourselves and we say the same thing, "this is one good horse". ## Hip # 27 - Remington (Grade)

Remington has a stocky build with gorgeous coloring and soft eyes. You can put this horse in any situation and he has the same temperament – calm. Nothing fazes him, including pulling screaming kids on a sled through the snow, performing in front of a crowd, or wading through a kiddie swimming pool filled with empty water bottles. He is content to do whatever you ask of him, whether it's a leisurely trail, or whether you want to lope off into the sunset. He has a friendly, sweet disposition. He doesn't mind riding with the herd or out alone. He is the same horse after he has had time off. The whole family can ride him, from the smallest cousin, to an older grandparent, and no one has to worry about them. He is the horse Carly would pick to chaperone anyone, anywhere! ## Hip # 28 -- Phoenix (Playboy Merlin, AQHA)

Phoenix is the horse that everyone is looking for: level headed, athletic, cowy, and most importantly BROKE. He has been ranched on his whole life and has done everything you can do on a ranch from dragging calves at the branding to loading an unruly bull. We have shown him in several ranch horse competitions where he has placed in open classes and won the Central States Fair Novice division. Our son Colter has shown him in 4-H and at open horse shows the last two years. Phoenix has just seen it all: picked up broncs, mounted shooting, AQHA Ranch Riding classes and ranch rodeos. The coolest thing about him is that he rides to your abilities; from novice to experienced he is the horse for you. Consigned by Swenson-Martin Horses. ## Hip # 29 -- Outlaw (BR Tom 116, AQHA)

Outlaw is what I would call a "classy little outfit." He has a mild, amiable disposition with an old-fashioned quarter horse body and an engine and confidence to take you anywhere. He has proven solid through lots of miles behind cows, riding pastures and running horses. I have yet to find anything he isn't willing and able to push through, up, down or over. Outlaw is very tolerant of goofing off, ropes, balls, obstacles, and sloppy riding. He also has a tremendous amount of pull from the horn, which made him my obvious choice for snubbing colts, pulling sleds and dragging calves. He has been packed on, led strings and hobbles and ties well. Outlaw will travel off alone and hardly even look back over his shoulder. All this and he is only five years old! I am very fond of this little horse, and I think you will be too. Ridden by Hannah True-Gutenberger. FMI 307-298-5030.

## Hip # 30 -- Trenton (Hen House Rooster, AQHA)

Trenton is a consistent, and reliable little horse that will give you the same ride day in and day out. Whether you saddle him up in 40 below or 90 degree weather, inside or outside, on the ranch or down the trails, Trenton is always ready for an honest day's work. He has been used in all aspects of ranch work from shipping, sorting and calving to gathering pairs. Trenton is one of the most sure-footed horses I have ever ridden, and you can trust him to get you where you need to be safely. Trenton excels in the arena. He is a soft-mouthed, light mover that knows how to work off your legs. Trenton has also ranch roped and competed in RSNC events. If you're looking for a gentle, honest, good looking and well bred gelding, then Trenton is the partner you've been waiting for! Ridden by Jessie Cloutier. FMI: 307-298-5030.

## Hip # 31 -- Indy (Grade)

If you want a smooth, gentle, cowy, small horse, Indy is the horse for you. Indy, brave and tough, goes over and through anything. Indy is my first pick when I have to go out and rope and doctor a calf. He is quick on his feet and a very sweet horse to be around. I have ponied several horses off of him and he did excellent. He is my favorite horse to ride and my #1 ranch horse. Ridden by Trent McNabb. For more information call 307-272-0838.

## Hip # 32 -- Twice The Gold (AQHA)

Twice The Gold is an eye-catching, smart, athletic stud colt with loads of potential! He exhibits all of the qualities of an exceptional horse and has an aptitude for mastering everything asked of him without getting flustered or dull. Started this spring and ridden lightly, he is already confident in a lope, moves his hips, shoulders and ribs, sidepasses, backs off two reins and is beginning to carry a frame. Not only is he an extraordinary learner, he has a sweet and amiable disposition. He is kind, well mannered and loves attention. Twice The Gold has eye-catching conformation with strong, straight legs, a beautiful neck and shoulder and a well-balanced hip. An experienced trainer will love his ability and a novice looking for a gentle prospect will love his personality. Twice The Gold has a huge, shining future! Ridden by Hollie True. ## Hip # 33 -- Monte (Ultra Dustin, AQHA)

If you are searching for a good-looking, smooth riding trail horse, Monte is your man! He is not only a charmer with his good looks, he has a brain to back it up. Monte has been used to push cattle and trail ride in the mountains. He is quite a character who loves attention. He has a smooth lope and a fast paced walk. This gelding enjoys being on the move. Monte loads, shoes and bathes with ease. Consigned by Mike Lorash. For more information please call Mike at (406) 321-1958 or visit Lorash Horses on Facebook for updates!

## Hip # 34 -- Levi (Bart N Lady Boy 08, AQHA)

Levi is a really sweet and fun horse to have around the barn. You can do anything on this horse. He is my first pick if I need to go bring cows in, wrangle horses or just want to go for a fun ride. He goes through water and won't hesitate to go first on a ride. He will go out by himself or with a group. As a rope horse, he is solid on both sides of the box and in the pasture, you can take him anywhere and sort and doctor cows on him. Levi is a super 3D barrel horse, and does great in both indoor and outdoor arenas. He runs consistently in a small or big pen along with any type of sand. He does great in a rodeo atmosphere and is not spooky at all. Levi is a great all around ranch-rodeo horse. Ridden by Kurt McNabb and Casey Jedrzejewski. For more information call 307-272-0838.

## Hip # 35 -- Cochise (Grade)

Cochise is probably the prettiest black and white paint we have ever owned. Gorgeous conformation, babydoll head, and a super sweet attitude to go with it, he's absolutely gentle. He's easy to catch, likes attention and is always happy to go work on the ranch or for a fun trail ride. Last summer he was started on mounted shooting and did very well. He is safe enough that Ida would ride him bareback at the shooting competitions carrying our one-year-old son. We have let Cochise have time off and he has saddled up the same every time. He's smooth traveling and easy going in every situation. He is surefooted in rough country and will go where he's asked, crosses creeks, bridges and thick brush with ease. He's great to bathe, clip, shoe, loads in and out of trailers. Consigned by Clancy & Ida McNabb. ## Hip # 36 -- Peppy (BA Peppys Driftwood, AQHA)

This is one great all-around family horse with the gorgeous color of a copper penny. Absolutely slow and steady in every situation and super quiet, Peppy is safe and gentle for all levels of riders. We have given him time off and he saddles up the same every time. He has never taken a wrong step for us. Inexperienced riders have taken him through the mounted patrol obstacle course and Peppy's taken good care of them. We have used Peppy all over the ranch, roped and branded on him. He's been taken to town for team sortings and we loaned him to Ken for his 3 Week Apprenticeship. He's been ridden in parades by the sheriff's department & carried the American flag for the Honor Guard. Very easy to catch, he is an "in your pocket" kind of horse with the manners of a gentleman. Good to bathe, clip, and will load in and back out of the trailer. Consigned by Darold and Val Newman.

## Hip #37 -- Cowgirl (Registration Pending, AQHA)

This little filly is going to be one amazing horse. Whether you want a ranch horse, trail horse or broodmare, this is the horse for you. This filly has great conformation, a super personality and a beautiful color. She will be one good looking horse when she is done growing. Cowgirl is not afraid of much and is an in your pocket type yearling. Whatever you want to do with this filly, she'll be perfect. Cowgirl is a smart yearling that will have a bright future ahead of her no matter what direction you need her to go. For more information call 307-272-0838.

## Hip # 38 -- Gaucho (Hells Rebel, AQHA)

Gaucho is a solid-built, true blue roan that we have been riding on the ranch for two years. He has seen every bit of the ranch several times over. The great outdoors is his zone! He will confidently take you anywhere you are brave enough to ask, and will get you back in time for dinner, seemingly without much effort. He has spent lots of time wrangling horses, riding alone, getting gates, sorting in alleys, and is fantastic with a bullwhip. The best part about Gaucho is that you can ride him lots or little and he will stay the same. He is ay-okay with riding double,

## Hip # 39 -- Kessler (Grade)

Kessler is one of those great, hard to find horses that has a little bit of everything for everyone. He is attractive, smooth gaited, gentle, handy and sane for the entire family to enjoy. He's one of the best wranglers I have ridden; he'll give you all you need for the job, then walk calmly on a loose rein. Kessler is a phenomenal ranch horse, he has a smooth, ground covering trot, will ride out alone, and isn't afraid to take a hit from a mad mamma cow. When there is a hard job on the ranch, I choose Kessler. You can be confident he will get you where you need to be with ease. He has also been ranch roped on, ridden double bareback in a halter, been exposed to RSNC events and taken any obstacle easily. So drop your reins and trust Kessler to take you on any adventure you choose to embark on! Ridden by Jessie Cloutier. FMI: 307-298-5030.

## Hip # 40 -- Champ (DLL Lowrys Steelgun, AQHA)

Champ is a cross of our Playgun Will Travel stud-producer of some of our favorite ranch and cow horses- and the Lowry Star lines. This colt's mother was one of Jim Bower's top producers; his full sister was the high-selling yearling in the 2014 Diamond-McNabb Production Sale; and in our opinion there's no chance of Champ getting lost in their shadows! Everything about Champ is clean-cut and handsome! He has a well-built, athletic frame with an attractive head and a bright, intelligent eye. Even from a baby, we've noticed that you never have to teach this colt something twice. He's bred to have cow sense and strength, as well as the brain to put everything together. You could take him to the show pen or keep him on the ranch, hold onto him as a stud prospect or geld him- this colt can go far! Be sure to also see his half-sisters, Carolina (Hip #18) and Dolly (Hip #82). FMI: 307-298-5030.

## Hip # 41 -- Cisco (Dakota Bay Sport, AQHA)

This big handsome gelding is one amazing ranch horse. He sidepasses, turns on the hindquarters and has a good stop. You can take him out all day long and work cows, come home and he will still be willing to work. He always tries to please his rider and will do anything you ask of him. I have ridden him by himself and in a group. He has a super nice lope and you can cover a lot of country on him in a short amount of time. This guy loves attention and will stand to be brushed all day. Cisco is a super sweet guy and is my first pick if I need to get a job done. Ridden by Casey Jedrzejewski. ## Hip # 42 -- Silver (Playboys Big Pistol, AQHA)

Silver is the prettiest dapple gray with a dark mane and fore top that flows down past his neck. He is a very beautiful horse standing 15.2 hands. He is very well trained and has been used in the arena as well as on the ranch. He has roped and worked more than his share of cows. He is very gentle. He has a very good neck rein and is soft and supple in the bridle. He stops very smoothly and efficiently. Silver is fun to ride outside and really travels out well, he carries himself correctly and is content doing about anything. Silver is a fun enjoyable horse with a big heart and an eye as soft as a baby. He is definitely a horse that most anybody should be able to ride and enjoy, he is so easy to ride and handle. ## Hip # 43 -- Scooter (Sadys Boot Scooter, AQHA)

Scooter is one fancy gelding that is gentle as they come. He has seen many days working on the ranch but he really enjoys going for trail rides. Our son Ian loves to be led around on Scooter or to take him for a walk. Scooter takes good care of Ian and is always watching to see where he is so as not step on him. Scooter will meet you at the gate every time and loves attention but has manners of a gentleman. He will go through the mounted patrol obstacle course without hesitation; before we bought him he did competitive trail classes. He's smooth riding and goes where he's asked without a fuss. We have let him set and he saddles up quiet every time. He is excellent to bathe, clip, shoe, loads in and back out of the trailer. Scooter is an eye-catching guy that is gentle and safe for the whole family. Consigned by Clancy & Ida McNabb. [www.mcnabblivestock.com](http://www.mcnabblivestock.com) or call 307-250-0900.

## Hip # 44 -- Lobster (Im A Ton Of Cash, APHA)

A perfect combination of looks and dependability. Lobster is a big, stout, good looking, bay roan gelding. The exact kind of horse that every rancher is proud to own, Lobster can do it all. On him, you can drag calves to the fire, gather cattle in the mountains, and rope steers in the arena. This gelding has been there and done that. Very dependable, whether you ride him every day or once a month, he will be a steady mount to get the job done. Trained for the professional horseman but safe enough for the novice rider, Lobster is a strong, young trustworthy gelding. Be sure to take a look at him. Consigned by Wolfe Cowhorses.

## Hip # 45 -- Buster (Grade)

If you were to come visit our ranch to help us gather cattle in the rugged badlands of North Dakota, Buster is the horse we put our friends on. He is sure footed on the trails and is willing to do whatever you ask. Buster and I have covered many miles gathering cattle, dragging calves to the branding fire, riding out to check cows, and even pasture roped cows that needed assistance loading into the stock trailer. With his willingness to please and calm personality, he continues to be a great partner regardless if you ride him every day or if you lay him off for several months at a time. ## Hip # 46 -- Murdoch (Wilsonsbully, AQHA)

We love Murdoch. This guy is a true gentleman. We have had him for two full years; the first year he was 13-year-old Mikayla's trusty steed (often borrowed by older and younger cousins for ranch work or playing), and this year he has been Marsha's ranch horse. Murdoch is super dependable! He spends most of his time in low gear, but can pick up to whatever his rider needs. He doesn't hesitate at new obstacles and objects, he will go where you point him and does well in a group or out alone. He's done hours of ranch work, wrangled horses in, pushed calves, and been on countless trails. We trust him with any level of rider and know that any ride will be a good one on him! Murdoch is super sweet and enjoyable to be around in the saddle and on the ground. Ridden by Marsha Schroeder. For more info: 307-298-5030.

## Hip # 47 -- Ike (Smooth Hickory Wood, AQHA)

Ike is a big easy moving iron gray gelding that we have used for all kinds of ranch work. At 16 hands, he is the perfect horse for someone looking to do a big job. He has the size but is still athletic and handy enough to get around on a cow. We have pulled bulls into the trailer with him and tied down cows out in the pasture. Trent took him elk hunting last fall in Montana and packed and rode him for 10 days. He has no problem packing a whole cow elk off the mountain by himself. Super sweet gelding with a gentle giant personality. Consigned by Swenson-Martin Horses. For more pictures and video go to [www.swensonmartinhorses.com](http://www.swensonmartinhorses.com).

## Hip # 48 -- Mac (A Golden Brown Sugar, AQHA)

What a looker Mac is! He was born and raised out on our range of sagebrush, rocky terrain and canyons and learned to get his feet under him at an early age. He's a big and stout boy with dominating color that stands out in a crowd, and is a ranch horse deluxe in a well-put-together and beautiful package! He will cover the country and you will enjoy how smooth he travels. He is being used extensively on our cow/calf operation and has been dragging calves to the barn on the sled during calving, traveling many miles pushing cattle, roping calves, and then standing quietly while tagging calves and sale cows, plus performing very well in the branding pen both heading and heeling calves. ## Hip # 49 -- Rocky (Grade)

Rocky is as ranch-ready as they come; he has been there and done that. Plus he's got the looks to be in a John Wayne western movie! Rocky has been all over the ranch, working every job from gathering cows and moving horses to roping and doctoring. He moves with a ground-covering walk, is always willing to go to work and finishes the day with every bit of enthusiasm. As much as he enjoys a job to do, Rocky is just as content walking down the trail and going on a leisurely trail ride. You can use him to pony kids around or go and rope a runaway cow. Rocky's size, color, personality and experience make him a great all-around horse! For more info call Ken McNabb: 307-272-0838.

## Hip # 50 -- Rebel (Rebel Spot Bandit, APHA)

Rebel is an athlete with a good handle. He walks out and is ready to work. He neck reins, backs, and sidepasses effortlessly. His groundwork is fluid. He is sure-footed on all terrain and will go all day without quitting. His name is a misnomer because he is Carly's go-to horse for any difficult situation. He keeps a level head while doing his best on the trail, on the ranch or in the arena. He has been swimming, carried flags, played horse soccer and packed elk meat in the mountains after dark. An advanced kid or intermediate adult will get the most out of him because he is responsive to leg and seat cues. No matter what your riding goals are, he will get you there, and you will turn heads while doing it with his flashy coloring! Consigned by Carly Davis. ## Hip # 51 -- Ranger (Genuine Sassy Spark, AQHA)

If you are in the market for a true-to-form ranch horse, Ranger is your man! Ranger is a deluxe ranch horse who is always ready for any job, large or small. Ranger has packed me through miles of rough, steep terrain and fallen timber searching for cows. He knows about long days and isn't one to ever back down from a hard day's work. He is no stranger to roping, and has been ranch roped and branded off of. Ranger can cover miles upon miles of country with his flat fast walk, extended long trot, and rocking chair lope. Ranger is also no stranger to the arena either, from pulling logs, to tarps and slickers, loping nice soft circles, tracking steers, and playing games. Ranger is much more than just the average ranch horse; with his kind and gentle personality, you can put trust in Ranger to get the job done with ease! Ridden by Jessie Cloutier. FMI: 307-298-5030.

## Hip # 52 -- Ragtime (Heza Pocos Dude, AQHA)

Ragtime has easily become a favorite. He's ten-year-old Hadleigh's first sale horse, and sister Hannah's back-up ranch horse. Rags is pony sized, grullo colored and baby-doll headed, but still looks, acts and is registered full quarter horse. He's spent lots of time doing ranch work. Hadleigh has enjoyed some low-level Ranch Sorting and riding around the warm up pen where he's always calm and quiet. He does super with time off and riding alone, and is very tolerant of swinging a rope, kicking the ball, riding bareback, and switching out riders. He has a super smooth trot and nice lope, and is more than able to keep up with bigger horses, without having "little-man-syndrome." He has a nice neck rein and keeps a pretty head carriage, with all the buttons you want to ride with. Ragtime has earned a special spot in our family tree! Ridden by Hadleigh True. FMI 307-298-5030

## Hip # 53-- Jenga (Miss Smoken Trash, AQHA)

There are so many good things to say about this wonderful mare. Jenga is an extremely athletic, try-hard little sorrel mare that will spin, change leads on the fly and slide stop. But if trail riding is more your thing, Jenga is perfectly content riding quietly down the trail by herself or in a group. Christiana and I have been switching back and forth on her all year long and have both formed individual bonds with this sweet girl. Jenga makes it her goal to please the rider in whatever you're doing; riding in the arena or cleaning her stall, she wants to be your friend.

Jenga traveled with us this year to the Equine Affaires in both Massachusetts and Ohio, helping Ken in his demos. She is daughter of the reining legend Trashadeous and it shows. We are sure you will fall in love with her as much as we have! Ridden by Chad and Christiana Wenger. For more info call Ken McNabb 307-272-0838.

## Hip # 54 -- Legend (EZ Hollys Eddie, AQHA)

For two years now, I've had the pleasure of riding Legend. I always enjoy riding this horse, regardless of the day's tasks. Whether we're gathering cattle up on the mountain in the summer or wrangling horses in the dead of winter, he's been my go-to steed due to his quiet, willing demeanor paired with his capabilities as a ranch horse. Plus, he's got talent in the arena! He'll come sliding into an awesome stop, and can perform just about any maneuver you ask. He is super smooth in all gaits and is a pleasure to ride bareback. Legend has been an unforgettable horse so don't miss out on him! Ridden by Nathan Wood. For more information, 307-298-5030.

## Hip # 55 -- Lenny (Grade)

Lenny has been a great step up horse for my nine-year-old son. With his quiet personality and willingness to please, Lenny has been an excellent confidence booster for him. They have spent the long cold winter months riding in the barn. This spring they gathered cattle for brandings and my son took a hand at roping calves and dragging them to the fire. What I love about this horse is that he is handy enough for me to use for just about anything, yet safe for my children to ride. For more information, please contact Tim Transtrom at (701) 570-7734

## Hip # 56 -- Hot Dog (Walkin In Hot Water, AQHA)

Hot Dog is a taylor-made buttermilk buckskin gelding. He is extremely good looking and catches everybody's attention. We have used him in the arena, on the trails as well as on the ranch. He is a pleasure to ride everywhere. Hot Dog is very smooth and has very easy transitions. He neck reins as well as direct reins, and stops very smoothly. Hot Dog carries himself the way we like, with his head no higher than the saddle horn while traveling on a loose rein with his ears forward. Hot Dog has great barn manners as well as good pasture etiquette. Hot Dog was also used on the race track ponying the race horses. He is definitely a horse that we have all enjoyed riding. Consigned by Houck Horse Co. Please feel free to call us at 612-810-5455. We would love to tell you more about Hot Dog.

## Hip # 57 -- Moon (DM Moonshot, AQHA)

This is a classy, stylish gelding bred and raised here on Diamond Ranches. Moon has the easy look and feel of a performer, and the experience of a ranching life, combined with an OUTSTANDING pedigree. This is the sort of horse a horseman wants to ride! He is super intelligent, light and feely, and learns with tremendous ease. Moon has a gorgeous natural head carriage, and is an easy and free mover. He will take a beautiful lope departure, change leads, and stop and turn around, all the while staying right in the palm of your hand. Outside, he has wrangled, gathered, sorted, is push-button on gates, and seen a ton of big land. He is also started RSNC Sorting, has won money, and holds the promise to be an outstanding sorter. Moon has been my personal go-to all year, and I am excited every time I saddle him! Ridden by Hannah True-Gutenberger. FMI: 307-298-5030.

## Hip # 58 -- Dixon (LB Dixon Doc, APHA)

Dixon is as much fun to ride as he is to look at, and that's saying a lot because he is as pretty as a paint pony can be. Dixon goes through each day with a "Let's get it done" kind of attitude. I have ridden him in all types of situations and he is always on his game. He has never missed a step or made a mistake. He is cowy, surefooted and sensitive. We have sorted cows, doctored calves and trail ridden together and he has always been the perfect partner. I don't recommend him for beginners because he is totally controllable but still a lot of horse. Dixon is the kind of horse we dream about but rarely get the chance to own because God only makes a few at a time. Ridden by Ken McNabb and Casey Jedrzejewski. ## Hip # 59 -- Ginny (Shy Boonsmal, AQHA)

You can take my word for it, owning Ginny makes me feel like I've won the jackpot. Super reliable, fun to ride and handy as a Swiss army knife, her level of sensibility and good nature makes her stand out as something special. She is cowy in the truest sense of the word- you show her where the cow needs to go and she is on it! Three generations of the family have loved RSNC sorting on her and she makes working cows out of the pasture feel like a playday. I have given Ginny weeks off at a time and then jumped on her to help work a colt or go for a solo ride. She has been dependable every time. I can hand her off to my little sisters to go play, loan her to any member of the crew or ride her myself and I know she'll bring each of us back with a smile on our face. Ridden by Hailey True. ## Hip # 60 -- Jerry (Grade)

Jerry is all business. If you're wanting to spend the day on the trail, he has great stamina walking out as well as crossing water and logs. If spending the day moving or trailing cattle with your neighbors is on your mind, Jerry would gladly accommodate you! This gray gelding has a beautifully grey speckled coat with four dark grey socks. He has a comfortable trot with a smooth lope. This boy loves a warm bath and having his neck scratched. He loads, shoes and clips with ease. Consigned by Mike Lorash. For more information please contact Mike at (406) 321-1958 or visit Lorash Horses on Facebook!

## Hip # 61 -- Calico (DLL Im No Princess, AQHA)

Calico is your first opportunity to own a daughter of our stallion, DM High Brow Prince! First take a look at this filly's pedigree: High Brow Cat, Peppy San Badger and Peppy Otoe San; then take a look at this filly herself: well rounded, straight conformation, a pretty head and bright eye all wrapped up in a red dun package. Calico is a quality cowhorse yearling! She was easy to halter break because she would think about what you were asking and respond accordingly. She has already begun to show an interest and confidence around cows and has grown up on Wyoming pasture-land with all of the outdoor confidence that entails. We are gaining a high opinion of Prince's offspring and we think you will easily see the quality in this filly too! For more information call 307-298-5030.

## Hip # 62 -- Jip (BA Tax Cash, AQHA)

Jip is a special individual. He is a son of my black stud Stormy- the best horse I have ever ridden- and this young colt has the traits he needs from his dad to be a great horse. Jip is friendly and very easy to catch. With his dark gray color he is easy on the eyes and his gentle disposition is going to be easy on his future owner. Jip sells with 15 rides on him and you can take him anywhere you would like from here. He would make a fantastic ranch horse and he would also do very well in an arena. ## Hip # 63 -- Flame (DM Cockadoodle Dandy, AQHA)

Flame is a ranch-wide celebrity! He has a good reputation with everyone and we have owned him since birth. He has been ridden by everyone: experienced hands, kids, trainers, guests, sorters, ropers- and everyone gets off with a grin and a compliment. Truly everything you can think of is on Flame's resume: roping hundreds of calves at brandings, wrangling, swimming, gathering the whole ranch, pushing calves, packing elk and shipping. He's extremely smart, willing and athletic with a lot of cowyness. He has competed and won in many Ranch Sortings. He's also a consistent head horse and ready to haul! He has as much body control as you could wish for and you can ride him as fancy or sloppy as you want. All the buttons are in place. Flame has been one of my favorite horses ever, and we are proud to bring him to our sale. Ridden by Hollie True. Call us: 307-298-5030.

## Hip # 64 -- Ice (Grade)

Ice is an eye-catching gray gelding that has done it all from doctoring cattle in the pasture to picking up bucking horses at rodeos. He has been in north Texas all winter where I have doctored wheat pasture cattle on him. He has a smooth trot and can go all day, and has lots of run when you need it. He has pulled cows into trailers, and been started team roping on the head side and heel side. He also did some packing for us on a camping trip last Fall. Ice makes a great ranch horse and could also go in many different directions. Ridden by Dusty Moore. For more information, call 307-254-0442.

## Hip # 65 -- Amarillo (Palanic, AQHA)

This good-looking powerhouse has picked up the nickname Mr. Personality. It doesn't matter what you're doing, Amarillo is always curious and interested in what you will do next. He's a smooth and fluid mover that will turn heads no matter where you are. This horse has been used on the ranch as well. Amarillo has gathered cows, sorted, and roped in the branding pens. Amarillo is a horse that when given a job he does it with a "get it done" and "do it right" attitude. Take this horse into the arena and you get a similar attitude. Amarillo can be pretty flashy showing off with sliding stops, collected lope, and a steady fluid spin. But point him down the trail and he's just as content going on a Saturday afternoon trail ride. This horse has been a blast to train and ride and we hope you will feel the same. Ridden by Chad and Christiana Wenger. For more info call Ken: 307-272-0838.

## Hip # 66 -- Rawhide (RE Hello Sam, AQHA)

Rawhide got his name from the old western song; Rollin, rollin, rollin, that's his way of traveling. I love to take this horse out for ranch work or strike off alone because he's a solid mount that is always ready to go somewhere! Rawhide has a long, smooth stride and plenty of staying power to take you to work or to hit the mountain trails for the day. We've ranch roped on him, wrangled horses and done a lot of gathering. He is game for anything. We've picked many a trail over rough country and he's gone through every creek and river I've ever pointed him at without looking back. Classic buttermilk buckskin and handy to have around, Rawhide is the kind of horse that would fit right in to a ranching operation, an outfitter's saddle string or to mount up a trail rider with itchy feet. Rawhide is ready to go! Ridden by Hailey True. For more information call 307-298-5030.

## Hip # 67 -- Katie (Margies Smart Soula, AQHA)

This little mare has a great future ahead of her at only five years old. She has the sense of a 20 year old with the athletic ability to do anything. The possibilities for Katie are endless. She has a sweet personality and is ready and willing to go over, under and through anything and everything. She has a big stop with her haunches underneath of her and she consistently turns on her forehand and haunches, rollbacks, sidepasses and more. Ridden by Ken McNabb and Celene Jedrzejewski. ## Hip # 68 -- Mario (Ive Got Blue Genes, AQHA)

Mario is a super-well bred gelding, that rides like his papers suggest: light, athletic, feely and smooth. He has body control to spare: spins, lead transitions, sidepasses, roll backs, loping half-passes and haunches-in. The buttons are there! Mario has a lot of try, and could up someone's level of horsemanship. He has never been anything but solid, time on or off. He will never stop until the day is done, outside or inside, and he's experienced plenty of both. He is careful about placing his feet in rough country, crossed water, deadfall, and rocky hills. He can also handle a rope and will really watch a cow. With all that, probably my favorite thing about Mario is his friendly and affectionate nature. He always comes over to socialize in the pasture, and will stand next to you with his head down while he's waiting for you to catch him. Ridden by Steven Gutenberger. FMI: 307-298-5030.

## Hip # 69 -- Bill (Vested Bill, AQHA)

If you had the choice between a Volkswagen and a Cadillac, which would you choose? Bill is a guaranteed Cadillac. One of the smoothest trotting and loping horses you will find anywhere. If you are planning on spending time in the saddle, this is the horse you need. He is big, stout, dependable and can cross country with ease. You can ride him every day or three times a year and he will be the same dependable ride every time. Good in the mountains, good on the trails; wherever you want to go, Bill will get you there. Guaranteed in every way. Safe for anyone to ride. Consigned by Wolfe Cowhorses.

## Hip # 70 -- Newt (Colonel Peppier, AQHA)

Newt has been part of the family since he was a weanling and has always been level-headed and smart. He's handy for any job, super athletic and cowy when he's asked but more than willing to walk quiet and gentle on the trail. He will go anywhere you point him, no hesitation or fuss with any task. He's soft in the bridle, picks up his leads with ease and really hunts a stop. He was ridden in a horsemanship clinic by a novice rider and taught them so much. From spending hunting seasons on the mountain to riding in parades on the main street of town, he's always solid; even after months of time off. Newt is a super fun little horse that is well broke and would fit most anyone from your rancher to your weekend trail rider. Consigned by Darold and Val Newman.

## Hip # 71 -- Hazel (DLL Dash Of Playgun, AQHA)

This filly brings to mind the classic definition of the girl next door. Cute, kind, unassuming and just pleasant to be around, the thing we say most about her is "Gosh, I like her". Hazel saddled up for the first time as perfectly as you could wish for and settled in like a champ. She is bred cowhorse on the top with some speed blood on the bottom and is put together nicely. All four of her grandparents are AQHA money earners in various disciplines. We're excited to bring this filly to you and think she has the ability to be a super little ranch horse, trail horse, rope horse or anything else that you want to point her towards! Sells with 10-15 rides by sale day. Be sure to see her half siblings also in the sale! For more information: 307-298-5030.

## Hip # 72 -- Cruiser (Grade)

This is a great horse that our family has truly enjoyed. We have used Cruiser as everybody's go to horse. Anytime we needed a horse for a job on the ranch Cruiser got used. Cruiser will move easily off of your legs, responds politely to the bit and will go where you point him without complaint. Cruiser is a ranch horse from the word go. Ridden by Kurt and DeeDee McNabb. ## Hip # 73 -- Copper (DM Vision Of Heaven, AQHA)

Copper is a daughter of our ranch stallion, Heavens Rooster, and she has the mind, heart and attitude that we have come to expect from his offspring. She is every bit as soft and kind as she is beautiful—and she is BEAUTIFUL! She is outstandingly easy to train and she will never forget something you've shown her. And she has always been that way! Copper has spent a lot of time behind cows, gathering, getting gates, and led a pack string. She is super with calves— she will slow her pace to theirs, but be as assertive as necessary to get her point across! Copper will ride alone as quietly as you could ask. Everything she does is quiet, pretty and correct. I have rarely, if ever come across a horse that has so much desire to please you. It has been a true pleasure for me to put the first three years of riding on her! Ridden by Hannah True-Gutenberger. FMI: 307-298-5030.

Wow, what can I say? There just are not enough good words to describe Deuce, but I will try. Quiet, calm, athletic, cowy, trainable, solid, dependable, smooth, easy to catch and he has a great disposition; what more could you ask for? You have watched him all spring on TV as I have used him as my main demo horse. I wish I owned a hundred like him but you will drive the wheels off of a truck trying to find his equal. ## Hip # 75 -- Six Pack (Grade)

In our opinion, Six Pack could wear a halo. This is a really good-looking, typey gelding that we have owned for several years. Six Pack has been used all over the ranch and has never let us down. He's an excellent ranch horse that we feel anyone can enjoy. He's pasture roped, doctored and dragged calves at brandings. He also has been a great head horse for evening and weekend team roping. He is consistent and will give you as little or much speed as you need. You can lay him off for months and he'll be the same horse when you saddle him up next. We've had guests on him to help us gather pastures and to practice rope; he's been Mister Dependable. He's surefooted in all terrain and an easy keeper. Six Pack is one of the most popular horses on the ranch and we will miss having him around! Ridden by Doug Moore. FMI: 307-298-5030.

## Hip # 76 -- Concho (DT Silver Shadow, AQHA)

Concho is an easy moving broke ranch gelding. This is a horse my dad bought two years ago from a very good friend of ours that raised and started him. I have done all the riding on him since then and would give my eyeteeth to be able to own Concho the rest of his life. I have gone out, caught him at 1:30AM, saddled up and brought in cows that where calving. You can go out and rope a cow, use him to wrangle the horses in, or just throw your little kids up on him and lead him around the yard. He handles rough country well and will cross water or any trail obstacle you may come upon. This horse is really a pleasure to ride and have around. He is really easy to catch and as friendly as a pet dog. Ridden by Kurt McNabb. For more information call 307-272-0838.

## Hip # 77 -- Astro (DLL Gun Smart, AQHA)

This is a cow horse deluxe in yearling form! His sire, Playgun Will Travel, has produced some of our favorite ranch and cow horses and his dam is a daughter of Royal Fletch, who until recently held the record high score for the NCHA futurity. All of this comes down to Astro. Not only does Astro have the papers of a cow machine, but he has the intellect and build of one too. He has a cute head and quick mind, along with a compact frame and straight conformation. We rode this colt's dam for a year before breeding her and enjoyed her gentle and intelligent nature. Playgun Will Travel's offspring have been consistently easy to start with great dispositions, so put those two together and you have an exciting prospect in this fella! Be sure to see his half-sisters, Carolina (Hip #18) and Dolly (Hip #82). For more info: 307-298-5030.

Lolly is a beautiful, friendly little filly. She bathes and leads through the obstacle course with ease. She is also a very fast learner-she took to being halter broke right away, has a wonderful disposition and her breeding is like no other. She is a granddaughter of Dry Doc on her top side and goes back to Wine For The Times and Miss Time Surprise on her bottom side. Anyone could go any direction they want with this filly. ## Hip # 79 -- Chester (Dualin Bob, AQHA)

Dependable and trustworthy are the first words that come to mind when I think of Chester. He is my go to horse when I need it most. If you need to jump on bareback in a halter and chase down steers, or sort the alley with just a rope around his neck, he's there to help. Even if he hasn't been ridden in weeks! Cowy and athletic, he is fun to competitively Ranch Sort on, and he has won a lot of money! He also enjoys wrangling in the horses. His talents don't end there. He rides soft and collected in the arena for anyone that wants to hop on. He can stop hard, roll back fast, and is easy to ride on a big, slack rein. If you want to slow it down, grab a lunch and head down the trail for a pleasant ride alone. Chester is an all-around broke horse that the whole family can share and love! Ridden by Heather Dufek. ## Hip # 80 -- Hoss (Pixie Bay Poco, AQHA)

Athletic, sturdy and a super fun horse to ride, Hoss has been there and done that. He is very controllable but does have a big motor and will take you where you're going. Wherever you're headed, you'll have fun on the way with his ground covering trot and energetic lope. As a finished rope horse he has won trophy saddles on both sides of the box. Rope and doctor calves anywhere you find them or drag calves to the branding fire he does them both. Point him towards any obstacle, sagebrush, bridges, creeks, ditches, hillsides, he'll go over, under and through. Nothing puts a hesitation in his step. He is your all around ranch horse. ## Hip # 81 -- Wylie (CW Dun Docanita, AQHA)

One word to describe Wylie: cowy. He is really fun on a cow and won't let you down when you need to get that yearling in the pen. Wylie is very kind and gentle to handle with a lot of athletic ability. He could easily go to the arena as a rope horse or take him to a ranch horse competition. Wylie was purchased as a colt so he was raised and started on our ranch. We have used him through calving, roped yearlings and drug calves to the branding fire. Wylie is an easy traveler that has the smoothest trot and can really collect into your hand at the lope. Consigned by Swenson-Martin Horses. ## Hip # 82 -- Dolly (Im Packin Guns, AQHA)

This sweet mare is as reliable as she is beautiful. She is wonderfully talented in her arena work, from perfect form in her pivots to effortless flying lead changes. She is sure footed and cowy, which is really handy when you work on a ranch! She is a solid minded horse who never loses her head no matter how crazy things get; from wrangling to pulling pairs with cranky momma cows, she stays solid. Ridding double or carrying a tarp, flag or dragging logs, this mare is more than willing and not afraid to try anything new. Dolly is one of the smoothest horses I have ever ridden and she is my choice for bareback or a long day in the saddle. If you are looking for a super smooth, reliable and beautiful mare, Dolly is your girl. Ridden by Robin Wesenick. For more information, please call: 307-298-5030.

## Hip # 83 -- Robbie (Peppers Rio Robin, AQHA)

Robbie is a beautiful red dun with flashes of white. He caught my eye from the beginning with how well he is put together. From his beautiful head to his back end, I really like the looks of this one. He went through the winter hanging out at the calving barn being used to drag newborn calves in on a sled. He followed that up with miles out on the range checking cows and being used to rope and tag calves and sale cows. He also has been used in the branding pen. This is a consignment of McBride Hereford Ranches. Contact Eric Hess at 509-830-3888 with any questions. Also more pictures and videos available on our Facebook page: McBride Hereford Ranches, Inc.

## Hip # 84 -- Woodrow (DT Skips Golden Ring, AQHA)

I bought Woodrow from Gail Steelman. Gail is one of my Master Certified Trainers, she raised Woodrow from a weanling and started him under saddle so he has been a part of my training program all of his life. I have gathered cows, roped cows and given lessons on this horse. He has a ground covering trot and a great lope and there is no place that he won't go. Woodrow is good to shoe, clip and bathe, a true gentleman. Ridden by Kurt McNabb. For more information call 307-272-0838.

## Hip # 85 -- Big Al (Bandits Sweet Pepper, APHA)

Big Al is an excellent trail horse that has been used for all aspects of ranch work from doctoring calves to fixing fence. He is the same horse every day, a big gentle giant. He has been rode for miles up and down the mountains. He has been ridden in 4-H, crosses every obstacle with ease, bridges, creeks too. Big Al is traffic safe. He is very smooth to ride and has a nice easy-going, long strided lope. He is gentle natured and very willing to do anything you ask of him. He is big boned and built to last for a hard days work on the ranch but he has a laid back attitude that makes him perfect for trail riding on the weekends. Consigned by: Darold and Val Newman.

## Hip # 86 -- Elvis (Sheiks Awesome Toy, AQHA)

If you are looking for a “go get it” trail horse, then Elvis is your man. This horse walks fast and loves to cover country. You won’t show him any rougher country than he has already seen. Elvis is steady on his feet and has a loving personality. While he is totally controllable and has never bucked we do not recommend him for beginners, because of his very forward moving nature. ## **Hip # 87 -- Renegade (Grade)**

If you have an eye for flashy, you've probably already noticed Renegade! If you'd love a horse that wants to be your best friend and do everything with you, you're on the right track. And if lots of outdoor and indoor experience is a bonus, you've landed on the right horse! Renegade will step out on the trail and go wherever you point him; he loves to lead the ride and will march straight over water, bridges, ditches, hills, etc. He has a nice neck rein, and comfortable, long-strided gaits. Renegade is well experienced on cows, and will get after one when it's called for.

He has also handled a rope and held heels. He is not fazed by tarps, flags, arena games or goofing off. This boy is looking to please you. Ridden by Marsha Schroeder. For more information, call 307-298-5030.

## **Hip # 88 -- Pilgrim (Grade)**

Pilgrim is a very pretty colt that we have taken his training slow and easy on. He is a very smart quick learner. He has seen a lot of outside miles checking and gathering cattle in rough country. He'll go anywhere if you ask him and has been sure footed and solid everywhere we have taken him.

We have started him tracking the roping dummy and have drug a few calves to the fire on him. He travels level headed, soft in the bridle, picks up both leads and does simple lead changes. He's good with traffic, gunfire, llamas, he's been through the mounted patrol obstacle course and he's not spooky at any of it. He is good to bathe, clip, shoe, loads in and backs out of the trailer. Pilgrim is ready for you to take in any direction you would like. Consigned by Clancy & Ida McNabb. ## Hip # 89 -- Dazzle (Registration Pending, AQHA)

Dazzle is a great prospect for any type of rider or breeder looking for a great addition to their barn or broodmare band. She has an old style bulldog body built to last and gorgeous conformation to match. Putting these two together gives her modern athleticism most everyone wants. She's cute and has an incredible personality. Dazzle lives up to her name, she is a dazzling filly. For more information call 307-272-0838.

## Hip # 90 -- Winchester (Grade)

Winchester is my ranch partner extraordinaire; he's a power house in a really good looking package. He has a light and responsive touch beyond the average using horse which gives him an extra measure of attentiveness to his job. Wrangling on him is an absolute blast: he's fast, extremely sure footed, and will read the herd perfectly to put himself where he needs to be. Winchester is my choice for pulling pairs because he is not afraid to take on a momma cow charging and belling in his face. Plus he will track even the smallest calves and put me in the perfect position to rope one if needed. On top of all his talent, he can have time off and come back exactly as you left him. If a good looking, go all day, strong and responsive horse is what you're after, Winchester is your man. Ridden by Robin Wesenick. FMI: 307-298-5030.

**Hip # 91 -- Dirk (Grade)**

I have known Dirk all of his life. I halter broke him as a yearling, I started him as a two year old, then had him back in training as a three year old and have ridden him on the Tillett Ranch every year since. When the Tillett family gave me the chance to buy him I jumped on it. My boys have both been using Dirk all over our ranch. Trent has drug calves to the fire on this horse and Dirk used his years of experience to keep Trent safe. This horse has held more calves on the end of a rope than most folks will ever have the chance to brand. Dirk has had thousands of miles of outside riding every year of his adult life. This is a great horse for any purpose! Ridden by Trent McNabb. For more information call 307-272-0838.

**Hip # 92 -- Hooey (TNT Hollyjac Mac, AQHA)**

The first thing I think of when asked about Hooey is "personality." It's common to share my peanuts with him during a long day on the trail. If you are looking for a work partner go no further in your search. Hooey will work until you say it's quitting time and still be willing to give you more. Whether it's gathering cows, climbing the mountain, tracking steers, or dragging anything you need. He lays off well, and comes back pleasant and ready to go. When riding in the arena, enjoy each gait on a loose rein while asking for any maneuver you'd like. Hooey has a heart of gold and wants nothing more than to be your best friend. ## Hip # 93 -- Wrangler (FCR Son Of Aikman, AQHA)

Wrangler is one good looking guy that has been used extensively in the mountains of Montana and Wyoming. He is excellent on the trail, has lead many pack strings and has been used as a pack horse too. Wrangler crosses water, bridges and downed timber with ease. He has been rode by all ages but is best suited for an intermediate rider because he likes to get out and travel. He has a good ground covering walk, works very well off of leg cues. We have used him for two different 3 week apprenticeship programs. Wrangler is a super enjoyable mountain trail horse. We have taken him through the mounted patrol obstacle course where he did very well. FMI: 307-272-0838

## Hip # 94 -- Snickers (DLL Watchin Sparks, AQHA)

Between Simply a Spark on top and Two Eyed Red Buck x Watch Joe Jack on bottom, Snickers has the kind of breeding to make him versatile- cowhorse crossed to ranch/rope horse... Snickers was bred and raised here on the ranch. Retaining what he's learned has been one of his strong points. He's been energetic and eager to be learning something new. Snickers has an easy way of moving out and his eye-catching color is a bonus. He's on track to make a great using horse or trail partner and is ready for someone to continuing his training. He is being offered with 10-15 rides by sale day. Ridden by Heather Dufek. For more information call us at 307-298-5030.

## Hip # 95 -- Bear (CBK Sweet Time Oak, AQHA)

Bear is a gorgeous bay gelding with 4 black legs and a black mane and tail. He has an eye that is so soft and kind, you can't help but to just walk up and give him a hug. Bear has a tremendous amount of training in the arena combined with a million miles of riding outside on the ranch and trails to make him a rock solid horse. He is very gentle and easy going. He has an extremely smooth handle with a nice spin in both directions, he collects in the bridle effortlessly and has a really big stop. He has awesome gait transitions and travels out flawlessly.

When you're riding outside just to enjoy yourself, he just drops his had and enjoys himself too. He is very fun to ride in all environments. Consigned by Houck Horses. Feel free to call us at 612-810-5455 and we can tell you more about Bear.

## Hip # 96 -- Twizzler (DLL Dash Of Royalty, AQHA)

Twizzler's papers are packed with the golden oldies: her sire (our ranch stallion, Brockleface Starlite) has five AQHA Hall of Famers on his papers and her mother, Miss Cut N Cash, was a money-winning barrel racer and team roper who also comes from a performing pedigree. This little lady clearly has the heritage of an athlete and versatile competitor! She has an upright, strong build, with straight, clean lines. Twizzler has grown up on Wyoming pasture, and is already adept at placing her feet and handling big country. She is easy to catch, tie, handle her feet, etc.

The Brockleface Starlite colts that we have started under saddle have been exceptionally easy to start, with smart but gentle mindsets. Be sure to see her half-siblings, Twice The Gold (Hip #32), and Hazel (Hip #71) also featured in this year's sale! For more information, call us at 307-298-5030.

## Hip # 97 -- Bear (Peppy Panda Bear, AQHA)

Bear is an exceptionally flashy horse with a beautiful flaxen mane that draws the eye. He's pretty in motion and so well put together. From birth on, he learned to get his feet under him and travel out well. He went through the winter at the calving barn being used to drag newborn calves in on a sled. He's naturally picked up on everything he needs to know and has the desired qualities of an awesome ranch horse, plus the bloodlines for athleticism, endurance, speed and cow. He's had a lot of miles put on his back on our cow/calf operation, and many hours of roping calves and standing quietly while tagging and has performed outstandingly in the branding pen where he was used to head and heel calves. ## Hip # 98 -- Clue (Bonds Little Ace, AQHA)

Clue is an amazing step-up youth horse. You can rope on him in the arena or doctor with him out on the ranch. He is more fun on a trail ride than a trip to the amusement park. I have roped, gathered and wrangled on him all winter long. I have hung out with my friends on him and played everything from tag to treasure hunts and he did excellently. If you're looking for a ranch, trail or arena step up horse, then let us give you a hint and go for Clue. Ridden by Trent McNabb. For more information call 307-272-0838.

## Hip # 99 -- Carson (Zan Its Super Leo, AQHA)

Strong and powerful but solid and gentlemanly, Carson has the work ethic and the breeding to be your go-to ranch horse but the reliability to only be ridden twice a year. We have known Carson for four years and he has been the same every day. Carson has lots of experience on the ranch from moving brand new pairs to roping steers. He is an excellent working horse and you will never find the bottom of him, but he will turn around and walk home on a loose rein. Diemer has a full time job that requires most of his attention and Carson has fit perfectly as his go-to horse whenever he is at the ranch. Carson rides bareback or double, is broke and ready to go. He can take you to work or out for a quiet trail ride, will go off alone for the day or lead the group. Wherever you put him, Carson has the ability to succeed. Ridden by Diemer True.
